YEARS

Challenges Related to Data

وزارة التخطيط والتنمية الاقتصادية
Ministry of Planning and Economic
Development

- Data availability
- Capacity building
- Data sharing
- Unifying data
- Tradeoff between using available data and SDG indicators methodology

Challenges

- Data availability
- Capacity building
- Data sharing
- Unifying data
- Tradeoff between using available data and SDG indicators methodology

Efforts to Overcome Them

- National Strategy for Statistics (in progress)
- Developing system for inter-government data sharing
- Inter-governmental committees for specific SDGs
- Using innovative tools

Thank you
