## Sustainable Cities :

Initiative for the implementation of the SDGs at the local level

Step I Awareness and training stage

Step II Technical objectives of the initiative

Step III Implementation Strategy and Projects

# Implementation Strategy

The strategy for implementing the local Agenda of SDGs is based on :

- 1- Creating projects in line with the local agenda
- 2- Training and technical work workshops
- 3- Technical and practical support
- 4- Sharing of experience at national and international level (Africa)

➔ Participation of partners and networks engaged with

# Local SDGs Agenda Implementation Projects (Tetouan-Morocco)
