Participant feedback questionnaire
Module 5: Action Plan for Accelerating Change

I. Identification And Roadblocks And Opportunities Exercise

A. Could you name and briefly describe the main coordination mechanisms you are aware of at the policy level for the design and implementation of SDGs?

B. Could you name and briefly describe the main vertical coordination mechanisms you are aware of for the design and implementation of SDGs (top-down and bottom-up processes)?

C. Could you name and briefly describe the main coordination mechanisms you are aware of at the operational level for implementation of SDGs?

1. The current stage of coordination

A. According to you, is it relevant to call for more coordination among the different stakeholders working in the field of SDGs?

B. For your organization, what are the three expected benefits of more coordination?

C. What can be done to improve coordination?

2. On the way to better coordination

A. Could you name and briefly describe the main coordination mechanisms you are aware of at the policy level for the design and implementation of SDGs?
